

BEFORE AND AFTER SCHOOL PROGRAMME ACADEMIC YEAR 2010-2011

Dear Parents,

Many parents require care for their children outside of regular school hours to accommodate their work schedules and unexpected delays (late meetings, missed train etc.). In order to maintain the high quality supervision and to be able to predict staffing and snack requirements accurately, registrations will be accepted a) for the whole year, b) per session, or c) for "Drop-in" Supervision.

Please complete and return the form below, and enclose your cheque(s) for the full amount, or monthly post-dated cheques dated the first of each month for the session for which care is required.

***Please note:** For safety and staffing requirements, "Drop-in" Supervision requires a registration form and pre-payment of \$100 per student prior to attendance. Charges will be deducted from this deposit for each student visit. Any unused portion will be refunded at the end of the year or carried forward to the next year.
